

BACHELOR OF SCIENCE VIA ACCELERATED DEGREE COMPLETION PROGRAM (ADCP)

INTRODUCTION

The Accelerated Degree Completion Program format is designed to encourage college degree completion and to reduce the time required to earn that degree. The programs were developed primarily to meet the needs of working adults who are at least age 24 and who have completed 30 college credits. Program completion requires 120-144 hours, including 30-78 hours from the CBS core curriculum completed in residence at CBS.

Transfer students from accredited colleges, universities, schools, or Bible institutes receive full and equitable transfer credit for subjects appropriate to the program curricula. The amount of transfer credit is determined upon receipt and evaluation of the official transcripts of completed work.

ADMISSION/PREREQUISITES

The Bachelor of Science degrees via Accelerated Degree Completion Programs (ADCP) involve 123-147 curricular hours comprised of 36 general education hours, 33 free elective hours, and 54-78 hours of the CBS resident ADCP curriculum. The Bachelor of Science in Biblical Studies, Organizational Leadership, and Biblical Counseling is the only CBS program that requires completion of 147 credit hours.

Students who have previously earned an accredited bachelor's degree, master's degree, or equivalent must still meet the General Education requirements for admission to the bachelor's Accelerated Degree Completion Program. Prospective bachelor's degree students must still meet the other admission requirements, including submission of official transcripts for all universities, colleges, and schools formerly attended.

STUDENT COMMITMENT

Students must be admitted into the College and fulfill the requirements for admission into the Bachelor of Science program. To support optimal academic success, students will participate in an ongoing sequence of academic advising including development of a degree plan and ongoing evaluation of progress toward degree completion.

1. Official transcripts from all previously attended, accredited institutions of higher learning.
2. Official verification for Credit by Demonstrated Competency, such as:
 - College-Level Examination Program (CLEP)
